Declaration of Conformity / TSCA Section 6 (h)

Background to TSCA Toxic Substances Control Act Reporting:

Based on the version of the Toxic Substances Control Act (TSCA) as amended by Frank R. Lautenberg Chemical Safety for the 21st Century Act, the **United States Environmental Protection Agency (EPA)** took further measures against **5 persistent, bioaccumulative substances** effective January 6, 2021 and toxic chemicals (PBT) and strict regulation of these chemicals in place. It deals with bans and restrictions on the manufacture (including import), processing and distribution of the following chemicals:

We hereby confirm that the following hazardous substances, defined by TSCA section 6 (h) are not included in any KVV products:

PIP (3:1) – phenol, isopropylated phosphate (3:1) (CAS 68937-41-7)

As of March 8, 2021, the use was prohibited for a number of NAICS codes!

According to "No Action Assurance", a "Delay of enforcement of PIP (3: 1)" was declared in March 2021, which means that the relevant regulation is suspended for 180 days.

DecaBDE – decabromodiphenyl ether (CAS 1163-19-5)

As of March 8, 2021, the use was prohibited for a number of NAICS codes!

HCBD – hexachlorobutadiene (CAS 87-68-3)

As of March 8, 2021, the use was prohibited for a number of NAICS codes!

PCTP – pentachlorothiophenol (CAS 133-49-3)

As of March 8, 2021, the use of a concentration of more than 1% w/w was prohibited for a number of NAICS codes!

TTBP – 2,4,6-tris(tert-butyl)phenol (CAS 732-26-3)

The use is expected to be prohibited in principle for a number of NAICS codes from January 6, 2026 at a concentration of more than 0.3% w/w in containers of less than 35 gallons!

Yours sincerely,

KVV Kabelwerke Villingen GmbH
