KWV
THECABLECOMPANY

KWV Kabelwerke Villingen GmbH · Am Krebsgraben 3/1 · 78048 Villingen-Schwenningen

CERTIFICATE / POP COMPLIANCE

Compliance with the following Directives of the European Parliament and of the Council on the restriction of the use of Persistent Organic Pollutants:

(EU) 2019/1021, (EU) 2022/2400

To whom it may concern,

KWV declares that all delivered cables and products does not contain halogenated substances and/or salts like **PCB, PFOA, PFOS**,... as listed for example in Annex I and III to Directive 2019/1021 for persistent organic pollutants and any updated regulations of this directive.

According to the information currently available to us, KWV can confirm that all substances listed in the current annexes IV and V to Directive (EU) 2022/2400 are not contained in all KWV products. This none-statement included also **MCCP's** (Medium-Chain Chlorinated Paraffins)

Additional information on the Persistent Organic Pollutants (EU POP) (EU) 2019/1021 and (EU) 2022/2400 regulation can be found here:

https://echa.europa.eu/pops-legislation

Yours sincerely,

KWV Kabelwerke Villingen GmbH,
[D-U-N-S-@ Number 332675961]
